## *Viticulture*

Rosé wines of specific, select varieties with good properties, varietal character, moderate tannins and high mineral content are the basis for this refreshing product. Selected rosé wines from the well-known winemaking regions of Spain and Italy form the basis for this alcohol free sparkling rosé Wine. Fresh grape musts give this product its fruity character.

## *Winemaking*

A special vacuum distillation process guarantees elimination of the alcohol at temperatures of 33° C, leaving the contents of the wine largely intact. Adding refreshing carbonation and natural grape juice extracted in a special blanc de noir process lend this non-alcoholic Light Live Rosé its individual character.

## *Tasting notes*

The elegantly fruity, aromatic hint of peach supplies its appealing, refreshing character. Light Live Rosé is a full-bodied beverage with a harmonious blend fruit and sweetness. Its moderate carbon dioxide content gives it buoyancy: an exceptional taste experience with no alcohol.

This sparkling rosé wine guarantees pleasant, non-alcoholic enjoyment. Whether as a drink to cool off, to stimulate the circulation or before dinner, it is a nice accompaniment to any occasion. Enjoy it also with poached fish dishes.
