<i>Bottle volume</i>	750ml
<i>Residual sugar</i>	50g/l
<i>Acidity</i>	4.9g/l
<i>Alcohol content</i>	0.5%
<i>Item no</i>	42-1305604

Viticulture

White wines of good constitution typical of the grade, with fine fruit acidity and high mineral content, provide the underpinning for this refreshing product. White wines from the classic German wine-growing regions as well as special white wines from the leading viticultural regions of Spain and Italy inform the flavour of this nonalcoholic sparkling wine.

Winemaking

A special vacuum distillation process guarantees elimination of the natural alcohol at temperatures of 28° - 30° Celsius, leaving the contents of the wine largely intact. Adding refreshing carbonation and natural grape juice extracted in a special blanc de noir process lend this non-alcoholic sparkling wine its individual character.

Tasting notes

The fresh, fruity aromas of apple and citrus fruits endow this wine with an appealingly refreshing character. Its invigorating acid content and fruity sweetness enhance the fine, fruity taste experience.

As an aperitif, for special occasions or simply as refreshment for in between. Enjoy the full bouquet of this sparkling wine in combination with meat dishes. The enzymes in the meat enhance its flavour, intensifying the refreshing, winey taste sensation.
